1. In late May 1955, the Central Designing Office on Zwickauerstrasse in Dresden called a conference at which representatives of the Main Administration for Industrial Requirements (former HW 18) and representatives of Bau-Union Sued (of the Ministry of the Interior) participated. On this occasion, the representatives of Bau-Union Sued were instructed that Schkeuditz airfield is to be expanded in the near future. It is not known, however, whether this expansion concerns the airfield proper or only the installations located there now, such as VEB Maschinenfabrik Schkeuditz. It was stated that the Schkeuditz installation should in the future be expanded to about the same size as the Dresden-Hellerau project.

2. The representatives of Bau-Union Sued were advised to include expansion work in Schkeuditz in their future planning. Detailed instructions were announced for the near future.
